

Faith & Fun

Just for fun, and because we believe God invented the idea of time for relaxation, here's a quiz to tease your grey matter and hopefully raise a few laughs.

There are fifty questions

Some are easy, others are more tricky

Some you either know or you don't, others you can work out

We suggest that you work as a team to see how many you can answer in the time allowed – and the taking part is definitely more important than the winning!!
